

Dear Valued Customer:

Thank you for taking a few minutes to ascertain the wide variety of products and services that GeoTech, Inc. and our full-partner, Advanced Micro Technologies, along with our other strategic business partners, including ESRI, Leica Geosystems and CrossTec, have to offer you.

Our corporation brings more than twenty years of experience with Geographic Information Systems, Remote-sensing and Global Positioning Systems to the table. We are an authorized ESRI Consultant , Reseller and ArcGIS Instructor, as well as a Leica Geosystems Reseller.

In conjunction with Advanced Micro Technologies, we have also accumulated almost forty years of experience with computer systems and other technical business and industrial solutions. Many of our customers across the country have appreciated an extraordinary, high-level of customer service and support that has been provided in a timely manner at competitive rates.

Our mission is to continue, and to expand our quality products and services within the GIS community, so please consider one of our instructional classes. Although tailored for the GIS specialist, they offer excellent insight into GIS benefits for managers, supervisors, appointed & elected officials, and entrepreneurs as well. GIS benefits include visualization, interpreting, analyzing, and understanding spatial (geographic) data in ways that are not possible using any other format.

More complete information regarding our company's products and services is available on the Internet at our web site:

[www.geotech-inc.net](http://www.geotech-inc.net) - we strongly encourage you to visit us "online".

We pride ourselves on providing a utopian level of expertise and support to our customers and friends.

GeoTech, Inc. is a Mississippi certified, Woman-owned Business Enterprise.

Sincerely,

*Pam Readel*
